

Local Narratives:
Code of Conduct

At Local Narratives, we celebrate and empower the local communities of India by curating immersive travel experiences. Locals are at the heart of everything we do. Here's how you can make the most of your journey while respecting the communities and environments we engage with:

Code of Conduct

1. **Basic Amenities, Extraordinary Experiences**
   Your stay will include all basic amenities—comfortable lodging, wholesome local food, and enriching experiences. However, luxury is replaced with authenticity, and simplicity is a key part of the charm.

2. **Respect Local Hosts**
   We are welcomed into personal homes, not commercial establishments. Let's be respectful and humble. Appreciate the effort locals put into serving us food and opening their homes. Approach every interaction with empathy, curiosity, and humility.

3. **Embrace the Unknown There's no rigid itinerary**
   We'll be exploring forests, farms, islands, and villages—letting nature, local hosts, and spontaneous moments shape our journey. We have all the right ingredients: nature, the wild, local stories, and community. It's up to us to create something meaningful from these.

4. **What You'll Gain**
   This journey is more than a getaway—it's an opportunity for personal growth. Some will return with new friendships, deeper bonds, a new passion for village life, tribal culture, or art. Others may find inspiration, fresh perspectives, or a renewed curiosity about life beyond city boundaries.

5. **Sustainability Matters**
   Respect the environment. Practice waste management and leave nature as you found it. Our goal is to make a positive impact without harming local surroundings.

6. **Responsible Substance Consumption**
   We aim to create safe, respectful, and inclusive environments for everyone involved—especially our local hosts. Please refrain from consuming substances unless explicitly permitted by the site and context. If allowed, be mindful of when, where, and how. Let's ensure our actions don't disrupt the community, local culture, or the spirit of the experience.

Final Message

Let's embrace serendipity and return with more than just travel memories. Let's come back with meaningful connections, transformative conversations, and fresh perspectives on life. These experiences are not just about travel—they're bigger than life itself. Sometimes, growth requires stepping out of our comfort zones and living in a different setting. If you resonate with this code of conduct, we'd be thrilled to take you on an experience of a lifetime.
